PROFESSIONAL SUMMARY

Enthusiastic Computer Science graduate with skills in Java, Selenium, HTML, CSS, and Manual Testing. Experienced in developing automation testing projects and responsive web applications. Currently learning Full Stack Development and seeking an opportunity to apply technical skills, learn from industry professionals, and grow as a Software Engineer.

TECHNICAL SKILLS

Frontend: HTML5, CSS3,

Backend: Java, OOPS Concept, OOPs Concepts, Collections Framework, Exception Handling, Multithreading
String Handling

Testing: Selenium WebDriver, TestNG, Manual Testing,

Tools: Git, GitHub, VS Code, Eclipse

DataBase: MySql

Concepts: SDLC, Application Development Lifecycle, Debugging, REST API Basics, IT Service Management Fundamentals

ServiceNow Learning: Understanding of IT Service Management (ITSM) concepts, Incident Management
Problem Management, Change Management, Currently learning ServiceNow Platform fundamentals

EDUCATION

B.Sc. Computer Science June 2020 – May 2023

Bishop Heber College / Bharathidasan University • Tiruchirapalli, India

- ▶ Percentage / CGPA: 73% / 7.32
- ▶ Relevant coursework: Data Structures, DBMS, Web Technologies, Software Engineering.

WORK EXPERIENCE

India Japan Lighting Service 2025 -Present

Data Entry • MS Excel| Power Point| MS Word

- ▶ Generated daily production reports for 10+ HOD meetings per month to track achievements and drive improvements.
- ▶ Maintained documentation and check sheets for the production team with 100% update accuracy.
- ▶ Created Excel-based OEE Calculation sheets improving performance Tracking across production shifts.
- ▶ Reduced reporting time by 30% through structured Excel templates for monthly data analysis.

Clear Aqua Technology 2024-2025

Proposal Engineer • MS Excel | Power Point | MS Word

- ▶ Managed proposals and quotations for 15+ Clients by analyzing requirements and delivering accurate cost plan
- ▶ Raised 20+ invoices and maintained timely follow-up ensuring 95% on time payment clearance.
- ▶ Coordinate regular service schedules for clients maintaining strong relationships and on-time delivery.
- ▶ Collaborated with clients directly to understand needs and convert requirements into winning proposals.

CERTIFICATIONS

Selenium Testing Certification *2023 to 2023*

Greens Technology

- ▶ Covered Selenium WebDriver, TestNG, Page Object Model (POM), and cross-browser testing.

Java Full Stack Developer (In Progress) *Expected 2026*

Uniq Technology • Present

- ▶ Covers Java, Spring Boot, React.js, MySQL, REST APIs, and Microservices fundamentals.

PROJECTS

Portfolio Website *2026*

Personal Project • HTML | CSS | JavaScript

- ▶ Built a fully responsive personal portfolio website using HTML5, CSS3, and JavaScript.
- ▶ Implemented mobile-first layout with CSS Flexbox and Grid; hosted on GitHub Pages.
- ▶ Improved page load speed by 30% through image optimization and lazy loading techniques.

Selenium Test Automation Suite *2026*

Personal Project • Java | Selenium | TestNG

- ▶ Designed and implemented 25+ automated test scripts for an e-commerce demo application.
- ▶ Followed Page Object Model (POM) design pattern for maintainable and reusable test code.
- ▶ Generated HTML test reports using TestNG; reduced manual testing time by ~60%.

ADDITIONAL INFORMATION

- ▶ Available for immediate joining.
- ▶ Solved 20+ programs in Leetcode
- ▶ Actively practising Full Stack Development
- ▶ Strong communication skills in English and Tamil; team player with a collaborative mindset.
- ▶ Self-motivated learner — completed Selenium certification independently while job seeking.
